On March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 (ARP) (Pub L. 117-2) The ARP appropriated funds for the Higher Education Emergency Relief Fund (HEERF) and represents the third round of funding appropriated to provide higher education institutions funds to support students, and the institution itself, with expenses and financial needs related to the coronavirus (COVID-19) pandemic.

The ARP includes additional Higher Education Emergency Relief Fund (HEERF) funds, referred to as HEERF III, in the amount of \$39.6 billion in emergency funding to higher education.

On May 11, 2021 the Department provided allocations to colleges and universities and instructed colleges and universities to prioritize distribution to students with exceptional need. These funds must be reserved to provide students with financial grants, which may be used for any component of a student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care) or child care.
