Town-gown relations

Mayor Edward M. O'Brien, sitting center, and his executive assistant, John W. Lewis, standing far left, pause with the members of the new Advisory Commission on the Future of UNH & West Haven on Monday in the City Council chambers at City Hall. From left are University of New Haven political science students Sam Nicosia, Jesse Singh, Ben Atwater, Sabrina Schell and Dan Delgado. Starting next month, the commission will meet biweekly with O'Brien and Lewis "to better university relations and involvement with the West Haven community."
