

WEST HAVEN

## TALKING TECH

PETER HVIZDAK — NEW HAVEN REGISTER PHOTOS

Devon Clark, a computer science graduate student with the University of New Haven Cyber Forensics Research and Education Group at the Tagliotela College of Engineering, shares ideas about robotics Wednesday with Bailey Middle School students in West Haven using Ada, center, a robot built by Clark to educate people about cyber security and other STEM topics.

Left: Clark shows seventh-grader Vance Taylor, 13, a robotic function using Ada Wednesday.

Right: Clark's robot, Ada.
